Welcome to Our Company

TechkGuru Digital is a technology-driven fintech and digital services platform focused on delivering secure, reliable, and accessible financial solutions. The company aims to simplify digital transactions and enable businesses, merchants, and service providers to offer essential financial and commerce services through a unified platform.

Our platform integrates modern technology with trusted service partners to provide seamless fintech services such as AEPS, BBPS, Digital Payment Solutions, Micro ATM services, POS solutions, and credit card bill payments along with digital commerce services including e-commerce support and travel solutions.

TechkGuru Digital is committed to promoting financial inclusion by empowering retailers, distributors, and enterprises with efficient tools that enable them to serve customers across urban, semi-urban, and rural markets.

We Provide Solutions

techkguru..Digital
— PRIVATE LIMITED —

TechkGuru Digital delivers innovative fintech and digital commerce solutions designed to simplify financial transactions and empower businesses across India. Our platform enables secure, reliable, and efficient services that help merchants, retailers, and partners serve their customers better.

We provide a wide range of fintech services including AEPS, BBPS, Micro ATM (mATM), POS solutions, Digital Payment Services, and credit card bill payments. These services allow businesses to offer essential financial solutions while ensuring secure transactions and smooth operational processes.

In addition to fintech services, TechkGuru Digital also supports digital commerce solutions such as e-commerce enablement, travel bookings, and customized holiday packages. Our goal is to help partners expand their service offerings, reach more customers, and create new revenue opportunities through a single integrated platform.

Why You Should Choose TechGuru Digital?

Secure & Reliable Platform

Our platform is built with strong security standards and reliable systems to ensure safe transactions and smooth service delivery for all partners and customers.

Technology-Driven Solutions

We leverage modern technology and digital infrastructure to simplify financial services, improve operational efficiency, and enhance the overall user experience.

Scalable Distribution Network

TechGuru Digital supports a growing network of retailers, distributors, and partners, enabling businesses to expand their services and reach customers across multiple locations.

Dedicated Partner Support

Our team provides continuous technical and operational support to ensure partners can run their services smoothly and grow their business with confidence.

Technology & Platform

✓ Secure Login & Authentication

Our platform uses secure login systems and authentication protocols to ensure that only authorized users can access the system and perform transactions safely.

✓ Partner Management Dashboard

A centralized dashboard enables retailers, distributors, and partners to manage services, track transactions, and monitor performance through an easy-to-use interface.

✓ Real-Time Transaction Monitoring

All transactions are monitored in real time, allowing partners to track activities, manage operations efficiently, and maintain transparency across the platform.

✓ Scalable & Secure Infrastructure

The platform is built with scalable architecture and strong data encryption standards to ensure reliable performance, system stability, and protection of sensitive information.

Fintech Services

TechkGuru Digital provides a wide range of fintech and digital commerce services designed to simplify financial transactions and empower businesses. Our platform enables secure payments, banking access, and digital solutions for merchants, agents, and partners across India.

AEPS – Aadhaar Enabled Payment Services

Secure biometric-based banking service that allows customers to withdraw cash, check account balances, and access mini statements using Aadhaar authentication without visiting a bank branch.

BBPS – Bharat Bill Payment System

A unified bill payment platform that enables customers to pay electricity, water, gas, mobile, DTH, and other utility bills quickly with instant confirmations and digital receipts.

Fintech Services

Credit Card Bill Payment

A secure and convenient service that allows customers to pay their credit card bills across multiple banks with reliable processing and instant payment confirmation.

Payment Solutions

Advanced digital payment solutions that help businesses accept various payment methods efficiently, ensuring secure transactions and improved customer experience.

Fintech Services

Point of Sale (POS)

POS terminals that enable merchants to accept debit and credit card payments directly at their retail locations, providing secure and convenient in-store transactions.

Micro ATM (mATM)

Portable banking devices that allow merchants and agents to provide basic banking services such as cash withdrawals and balance inquiries using debit cards.

Digital & Commerce Services

TechkGuru Digital also offers digital commerce solutions that help businesses expand their services and reach a wider customer base. Our platform supports e-commerce enablement, travel bookings, and customized holiday packages, enabling partners to deliver convenient digital services while creating new revenue opportunities.

E-Commerce Solutions

Our e-commerce solutions enable businesses to sell products and services online while managing transactions efficiently through a secure and scalable digital platform.

Travel Services

TechGuru Digital provides travel booking services that allow customers to reserve flights, hotels, and bus tickets easily with quick confirmations and a seamless booking experience.

Digital & Commerce Services

Holiday Packages

We also offer customized holiday packages designed to simplify travel planning by providing convenient booking options and curated travel experiences for customers.

Company Vision & Mission

> Vision

At TechGuru Digital, our vision is to build a trusted, scalable, and technology-driven fintech platform that simplifies financial services and supports the growth of India's digital economy. We aim to make essential financial solutions more accessible, efficient, and reliable for businesses, merchants, and service providers across the country.

> Mission

Our mission is to deliver secure and compliant fintech services while empowering retailers, distributors, and partners through innovative technology solutions. By simplifying digital financial transactions and enabling seamless service delivery, we strive to promote financial inclusion and create sustainable opportunities for businesses and communities across India.
